

Curbside Service

Simple, Accessible & Convenient

Sangoma's Curbside Service application allows businesses to offer streamlined, convenient, and safe customer service experiences. Keep business open and flowing with SMS text/web-based communications to facilitate online ordering and curbside pickup services.

Curbside Service - Simplified

- | | | |
|--|--|--|
|  | Ready To Use "Out Of The Box" | » Easy Location Setup With Customized Branding & Logos |
|  | Mobile Friendly - No Custom Apps Required | » Enable/Disable Service On Demand |
|  | Easy SMS & Web Interactions | » Choose What Information You Want To Collect Or Require Specific Information |
|  | Flexible, Automated Workflow Supporting Multi-Member Teams | » Customize Team Notifications |
|  | Single Click Response Messages To Consumer | » Detailed Reporting Including Check-in Time, Names, Vehicle Details, Special Instructions, Customer Responses & Team Response Times |
|  | Robust Tracking & Reporting | » A Competitive Differentiator For Brick & Mortar usinesses In A Changing Retail Landscape |
|  | Extensible Via Professional Services | |

Curbside Service is ideal for any business that would benefit from being notified when customers arrive on site, such as:

- | | |
|-------------------------------|-------------------|
| » Restaurants | » Hair Salons |
| » Specialty or General Retail | » Dentist Offices |
| | » & More |
